

Greetings and Congratulations on matching with the University of Michigan!

As a proud U of M alumni and father of a recent graduate of the University of Michigan I have an enormous amount of pride for the university and enormous amount of respect for your accomplishments to date.

This enormous achievement comes with some daunting logistics including where am I going to live? Should I rent or buy? If I buy, what can I afford?

I can help you figure all of that out. With 24 years of financing expertise in the Ann Arbor real estate market I can share my experience and take the guess work off your plate.

Please feel free to call, text or email me.

If you'd prefer you can simply click this [LINK](#) and apply.

I look forward to speaking with you and working with you to achieve your financing objective!

Sincerely,

Mark J. Orr
