

Congratulations!

Welcome To Ann Arbor!

The University of Michigan is a wonderful place to do your residency and Ann Arbor is a great place to live!

As a Realtor for over 14 years, it has been my pleasure to help more than 60 Resident families relocate and purchase homes or condos in the Ann Arbor area. I have built a list of excellent lenders and other who specialize in Physician loans. These loans allow you to get 100% financing, no PMI, and your student loans do not count against you. You may discover that it is less expensive to buy then rent in Ann Arbor!

I am very familiar with the special needs and pressures of a resident. I first moved to Ann Arbor with my husband to start his General Surgery residency. Now he is a Professor Emeritus with the Surgery department. Our daughter graduated from the University of Michigan Medical School in 2006. She has just completed her Urology training. I have been along the medical school and residency road with both of them.

This is a great time to be buying! Interest rates are still at an all time low. Now, is the time to start thinking about your purchase!
